2017/2018 CELEBRITY XPERIENCE 7-NIGHT SOUTHERN LOOP ITINERARY

Day	Ports of call	Arrival	Departure
Saturday	Baltra, Island		3:00pm
Saturday	North Seymour	3:30pm	6:00pm
Sunday	South Plaza	7:00am	11:30am
Sunday	Santa Fe	3:00pm	6:00pm
Monday	Punta Pitt, San Cristobal	7:00am	11:30pm
Monday	Warlock Hill (Cerro Brujo), San Cristobal	3:00pm	6:00pm
Tuesday	Post Office Bay, Floreana	7:00am	11:30am
Tuesday	Cormorant Point/ Champion Bay, Floreana	3:00pm	6:00pm
Wednesday	Elizabeth Bay, Isabela	7:00am	11:30am
Wednesday	Moreno Point, Isabela	3:00pm	6:00pm
Thursday	Puerto Ayora, Santa Cruz	7:00am	6:00pm
Friday	Gardner Bay, Española	7:00am	3:00pm
Friday	Suarez Point, Española	3:00pm	6:00pm
Saturday	Mosquera Islet	6:00am	7:15am
Saturday	Baltra Island	8:00am	

DAY 1 SATURDAY AM - Baltra Island - Embarkation - During World War II, Baltra served as a U.S. military base protecting the Panama Canal from enemy attack. Now the cactus-strewn landscapes of Baltra are home to the region's main airport and where you will meet the ship. From the airport, it is just a short bus and Zodiac ride to the ship.

DAY 1 SATURDAY PM - North Seymour Island - North Seymour is a small island just north of Baltra. It is home to the largest colony of frigate birds in the Galapagos. While keeping an eye out for male frigates trying to impress potential mates with an inflated red neck pouch, you may see blue-footed boobies dancing in a timeless courtship ritual. Sea lions and large land iguanas also roam about this rocky terrain. Excursion options: Walk.

DAY 2 SUNDAY AM - South Plaza, Santa Cruz Island - One of two islands off Santa Cruz, South Plaza was born of upheaval, uplifted during a geologic event. This small, but beautiful rocky island is strewn with tall prickly pear cactus and roaming land iguanas, marine iguanas, along with a colony of sea lions. Numerous seabirds nest in and soar over the cliff on the high side of the island. Excursion options: Walk.

DAY 2 SUNDAY PM - Santa Fe Island - The visit at Santa Fe begins with a wet landing on the small beach in Barrington Bay on the northeast side of the island. Large numbers of sea lions are found on the beaches and can often be seen surfing in the waves. Some of the island's endemic species include massive Santa Fe Opuntia cactus, the Galapagos Hawk, Galapagos Snake, rice rats, different types of finches, and the Galapagos Mockingbird. The visit includes a hike past saltbush where Galapagos hawks as well as the Santa Fe land iguanas tend to roam. While snorkeling, sea lions are the main attraction. Fish densities are fairly low, but there are occasional sightings of sea turtles and various rays. Excursion options: Walk, swim, kayak, snorkel, zodiac.

DAY 3 MONDAY AM - Punta Pitt, San Cristobal Island - Pitt Point is located on the northeastern tip of San Cristobal Island. After disembarking onto the small green sand beach, you will hike up to a plateau, where the view and landscape are so spectacular it is well worth the effort. A steep gully leads up the cliff to a breeding ground for all three varieties of boobies: Red-footed, Blue-footed and Nazca. It's the only place in the Galapagos where you can see all three species nesting together. Excursions options: Hike, kayak, snorkel, zodiac.

DAY 3 MONDAY PM - Warlock Hill (Cerro Brujo) San Cristobal Island - Located on the north coast of San Cristobal Island, Cerro Brujo is the eroded remains of a volcanic tuff cone. It is one of the first sites visited by Charles Darwin. Captain Fitzroy climbed to the top of the hill to scout out reefs. The favorite attraction here is the gorgeous white sand beach; a wonderful place to swim, snorkel or take a walk along the shoreline. Excursion options: Walk, swim, snorkel.

2017/2018 CELEBRITY XPERIENCE 7-NIGHT SOUTHERN LOOP ITINERARY

DAY 4 TUESDAY AM - Post Office Bay, Floreana Island - Rich in history, this site is home to the post office barrel established in about 1793, where pirates, buccaneers, whalers, and others could leave their mail to be picked up by outbound ships. The tradition continues today, as visitors leave addressed postcards in the barrel and sort through mail left behind to deliver at home.

Baroness Outlook, Floreana Island - The Baroness' Viewing Point is the ideal place to take in the unique scenery that defines Floreana, and to learn about the history of the island's early settlers. Once inhabited by an indulgent baroness and her three lovers, the history of this island is intriguing. During the Zodiac ride around "La Loberia," you can observe several marine species such as golden eagle rays, sea turtles, sea lions, mullets and occasionally Galapagos penguins. Excursion options: Zodiac, walk.

DAY 4 TUESDAY PM - Cormorant Point, Floreana Island - Floreana was the first capital of the Galapagos, and where Charles Darwin met the islands' Governor. Its small brackish lagoon is often home to flamingos, stilts, and white-cheeked pintail ducks, and one of its beaches is a popular nesting site for sea turtles. Check out the green-hued sand where you land! Excursion options: Walk and swim.

Champion Bay, Floreana Island - Champion lies east of Floreana and provides a wonderful opportunity for snorkeling and a zodiac ride. When snorkeling, tropical fish abound with frequent sightings of sea turtles, rays, sharks, sea stars, and more. If we're lucky, the sea lions will be in a playful mood. During a zodiac ride along the rocky shoreline keep an eye out for seabirds such as boobies, pelicans, and frigate birds. Red-billed Tropicbirds nest in the crevices below the large prickly pear cacti and you may spy the very rare Charles Mockingbird. Excursion options: Snorkel, zodiac.

DAY 5 WEDNESDAY AM - Elizabeth Bay, Isabela Island - Elizabeth Bay is one of the furthest points in the Galapagos visited on our cruise. We will enter a sheltered cove accessible only by zodiac. It is a wonderful and secluded mangrove ecosystem that is a refuge, resting, and feeding site for sea turtles, rays, blue-footed boobies, flightless cormorants, penguins, pelicans, lava herons, and more. Excursion options: Zodiac.

DAY 5 WEDNESDAY PM - Moreno Point, Isabela Island - Moreno Point, at the base of Cerro Azul Volcano, is dotted with lagoons that host a wide variety of wildlife. At first glance, Moreno Point appears to be covered by a flat featureless lava flow and devoid of life. Upon closer inspection and a short walk, much more is discovered within its oasis-like ponds that often host flamingos, paint-billed crakes, white-cheeked pintails, and common gallinules. On the Zodiac ride keep your eyes out for Galapagos penguins, flightless cormorants, brown pelicans and blue-footed boobies. There may also be an opportunity to snorkel. Excursion options: Walk, zodiac, deep water snorkel.

DAY 6 THURSDAY AM / PM - Puerto Ayora, Santa Cruz Island - This is the main population center of the islands, and home to the National Park Service tortoise-breeding center and the Charles Darwin Research Station. Here you will have the opportunity to visit the tortoise-breeding center and walk through the Charles Darwin Research Station. In addition, you can also take a bus ride to the highlands to observe giant tortoises in the wild and walk through a lava tunnel. Optional time for shopping will be available. Excursion options: Tortoise-breeding Center/Charles Darwin Center, Highlands.

DAY 7 FRIDAY AM - Gardner Bay, Española Island - The beach at Gardner Bay, with its sparkling white sand, offers one of the best places to relax and swim in the Galapagos. It is home to one of the most important colonies of sea lions in the archipelago, and is also a nesting site for sea turtles. Three species of Darwin's finches and Española Mockingbirds may also be seen here. Excursion options: Swim, snorkel, and kayak.

DAY 7 FRIDAY PM - Suarez Point, Española Island - Española is the oldest island in the Galapagos and home to an amazing variety and abundance of wildlife. Lazy sea lions often greet visitors at the rocky landing where bright red and green marine iguanas rest atop the sand and rocks. They are the only marine iguanas that remain brightly colored throughout the year. Suarez Point is also home to large populations of Nazca and blue-footed boobies, colorful Española Lava Lizards, Galapagos Hawks, Española Mockingbirds, three species of Darwin's finches, Galapagos Doves, Swallow-tailed Gulls and Red-billed Tropicbirds, which dash in and out of the cracks in the cliffs as well as the astounding waved albatross (between April and December). The 10,000 to 12,000 pairs of waved albatross on Espanola represent the vast majority of this species on the planet. They perform one of the most spectacular courtship rituals in the animal world. Excursion options: Hike.

DAY 8 SATURDAY AM - Mosquera Islet - This small, flat, sandy islet sits in the channel between Baltra and North Seymour. It is almost devoid of vegetation, but has one of the largest populations of sea lions in the islands. Its sandy expanse offers visitors the perfect opportunity to observe sea lion behavior. It is also a beautiful site to observe lava gulls, coastal birds, and Sally lightfoot crabs. Keep your eyes peeled for occasional sightings of dolphins and orcas. Excursion options: Walk.

DAY 8 SATURDAY PM - Baltra disembarkation / Airport transfer for flight home - Baltra is home to the region's main airport, and where you will fly out. You will have a zodiac and bus ride to the airport.

2017/2018 CELEBRITY XPERIENCE 7-NIGHT NORTHERN LOOP ITINERARY

Day	Ports of call	Arrival	Departure
Saturday	Baltra, Island		3:00pm
Saturday	Black Turtle Cove, Santa Cruz	4:00pm	6:00pm
Sunday	Rabida Island	7:00am	11:00am
Sunday	Egas Port, Santiago	3:00pm	6:00pm
Monday	Tagus Cove, Isabela	7:00am	11:00am
Monday	Espinoza Point, Fernandina	2:00pm	6:00pm
Tuesday	Urvina Bay, Isabela	7:00am	10:30am
Tuesday	Vicente Roca Point, Isabela	2:30pm	5:30pm
Wednesday	Puerto Ayora, Santa Cruz	8:00am	6:00pm
Thursday	El Barranco, Genovesa	7:00am	11:45am
Thursday	Darwin Bay, Genovesa	2:30pm	6:00pm
Friday	Bartolomé Island	7:00am	11:30am
Friday	Dragon Hill, Santa Cruz	2:30pm	6:00pm
Saturday	Las Bachas, Santa Cruz	6:00am	7:30am
Saturday	Baltra Island	8:00am	

DAY 1 SATURDAY AM - Baltra Island - Embarkation - During World War II, Baltra served as a U.S. military base protecting the Panama Canal from enemy attack. Now the cactus-strewn landscapes of Baltra are home to the region's main airport and where you will meet the ship. From the airport, it is just a short bus and Zodiac ride to the ship.

DAY 1 SATURDAY PM - Black Turtle Cove, Santa Cruz Island - A Zodiac ride into Black Turtle Cove, one of the most beautiful sites in the Galapagos, takes us through a complex maze of tranquil saltwater inlets surrounded by mangroves. Once inside the cove, we'll quietly explore the area looking for sea turtles, several species of rays, and sharks. It is also a nesting site for brown pelicans, egrets, and herons. Excursion options: Zodiac.

DAY 2 SUNDAY AM - Rabida Island - A small island south of Santiago, Rabida is best known for its amazingly red sand and eroded volcanic landscape. A nesting colony of pelicans makes its home here, along with sea lions, finches, mockingbirds, Galapagos Hawks, and some seabirds. With good conditions, the snorkeling can be excellent. Excursion options: Zodiac, walk, swim, kayak and snorkel.

DAY 2 SUNDAY PM - Egas Port, Santiago Island - With its black sand beach, coastal tide pools, and blue-water grottos, this stop offers a wonderful taste of the Galapagos and the opportunity to see shore birds, Galapagos Hawks, sea lions, marine iguanas, and Galapagos fur seals. Sea lions, colorful tropical fish, and sea turtles are often seen while snorkeling here (conditions permitting). Excursion options: Walk, swimming, snorkel.

DAY 3 MONDAY AM - Tagus Cove, Isabela Island - Historically an anchorage for pirates and whalers, this site offers a breathtaking view of Isabela, its volcanoes, and spectacular Darwin Lake. Along the shore, seabirds, penguins, sea lions, sea turtles, and nesting flightless cormorants can often be found. Excursion options: Zodiac, walk, snorkeling and kayak.

DAY 3 MONDAY PM - Espinoza Point, Fernandina Island - Fernandina is the youngest island in the Galapagos and, as Darwin wrote, it is "covered with immense deluges of black naked lava." Along with its extraordinary black lava rocks, this point of land hosts the largest colony of marine iguanas in the Archipelago, along with sea lions and a nesting site for flightless cormorants. Excursion options: Walk, snorkel, hike.

DAY 4 TUESDAY AM - Urvina Bay, Isabela Island - Composed of five coalesced volcanoes, Isabela is the largest island in the Galapagos and the most recently active, the latest eruption having occurred in 2015. Here we will see large land iguanas, finches, and if lucky, a giant tortoise or two. In 1954, the intrusion of magma below one of the island's volcanoes caused part of the bay to be uplifted some 6 meters, and today we can walk through the remains of what was once a thriving underwater reef. Excursion options: Walk, hike, snorkel, swim.

DAY 4 TUESDAY PM - Vicente Roca Point, Isabela Island - The half-collapsed remains of an ancient volcano make for a spectacular setting at this site. Awe-inspiring cliffs, blue waters, and wildlife create a Zodiac ride to remember as we search for sea turtles, penguins, fur seals, the flightless cormorant, marine iguanas, marine mammals, and the oddly shaped form of the elusive sunfish. Excursion options: Zodiac, deep water snorkel.

2015 Best Premium Cruise Line
Travel Weekly's 13th Annual Readers' Choice Awards

2017/2018 CELEBRITY XPERIENCE 7-NIGHT NORTHERN LOOP ITINERARY

DAY 5 WEDNESDAY AM / PM - Puerto Ayora, Santa Cruz Island - This is the main population center of the islands, and home to the National Park Service tortoise-breeding center and the Charles Darwin Research Station. Here you will have the opportunity to visit the tortoise-breeding center and walk through the Charles Darwin Research Station. In addition, you can also take a bus ride to the highlands to observe giant tortoises in the wild and walk through a lava tunnel. Optional time for shopping will be available. Excursion options: Tortoise-breeding Center/Charles Darwin Center, Highlands.

DAY 6 THURSDAY AM - El Barranco, Genovesa Island - El Barranco, also known as Prince Phillip's Steps, named for Prince Philip who visited Galapagos in 1965 and again in 1981, is a steep stairway that leads up through a seabird colony full of Nazca and Red-footed Boobies. Once visitors reach the plateau, the trail continues inland and passes more nesting booby colonies in the thin Palo Santo forest. You will see Nazca boobies, Galapagos doves, mockingbirds and storm petrels. Lucky visitors with keen eyes may catch a glimpse of a Short-eared lava owl stalking petrel along the island's eastern cliffs. Excursion options: Hike, zodiac, deep water snorkel.

DAY 6 THURSDAY PM - Darwin Bay, Genovesa Island - Darwin Bay's soft white sand is only the beginning of a spectacular excursion. A trail from the beach takes you into lush mangroves where red-footed boobies nest. Other local wildlife includes sea lions, swallow-tailed gulls, frigate birds, and more. Snorkeling is a must here, as the nutrient-rich water attracts all types of marine life, including sharks, sea lions, sea turtles, and the occasional manta ray. Excursion options: Walk, swim, snorkel and kayak.

DAY 7 FRIDAY AM - Bartolomé Island - Bartolomé Island hosts one of the region's most often photographed views, and a spectacular geologic setting. Its barren moon-like volcanic landscapes, spatter cones, and pinnacle rock make for a unique stop. It is also home to the endemic Galapagos penguin and provides an excellent opportunity for snorkeling. Excursion options include a hike up some 368 stairs "To the Top" of the volcano, a Zodiac ride, and an optional beach swim or snorkel. Excursion options: Hike, swim, beach and snorkel.

DAY 7 FRIDAY PM - Dragon Hill, Santa Cruz Island - Dragon Hill, or "Cerro Dragon," is named after its population of land iguanas. The site offers a beautiful view of the landscape and two small brackish lagoons where flamingos and other shore birds occasionally feed. Along the trail, we'll cross a beautiful "white forest" of Palo Santo (incense) trees and Galapagos cotton plants. Excursion options: Walk and swim.

DAY 8 SATURDAY AM - Las Bachas, Santa Cruz Island - Las Bachas Beach is located in the north of Santa Cruz Island. Its soft, white sand is derived from decomposed coral, making it a favorite nesting site for sea turtles. Behind the beach there is a small brackish lagoon, where it is possible to observe flamingos and other coastal birds, such as black-necked stilts and whimbrels. Excursion options: Walk and Swim.

DAY 8 SATURDAY PM - Baltra disembarkation / Airport transfer for flight home - Baltra is home to the region's main airport, and where you will fly out. You will have a zodiac and bus ride to the airport.

DAY 1 THURSDAY - Quito Arrival - On the first day of your journey, you'll be greeted at the airport by a Celebrity Cruises® representative and transferred to the JW Marriott hotel. Enjoy free time to relax and settle in.

DAY 2 FRIDAY - Quito - Breakfast is served at the hotel. During a guided tour of the capital of Ecuador, situated at an altitude of 9,350 feet, you'll stand on the equatorial line at the Middle of the World Park and Museum, and marvel at the monastery of San Francisco and La Compañía Church. Your Tour Director will escort you throughout your Quito stay and serve as your personal concierge. Lunch with a spectacular view of the city, and enjoy a welcome dinner at a local gourmet restaurant.

DAY 3 SATURDAY AM - Quito - Flight to Baltra Island - Embarkation - After breakfast, you will transfer to the airport for your flight to Baltra, Galapagos. During World War II, Baltra served as a U.S. military base protecting the Panama Canal from enemy attack. Now the cactus-strewn landscapes of Baltra are home to the region's main airport and where you will meet the ship. From the airport, it is just a short bus and Zodiac ride to the ship for embarkation.

DAY 3 SATURDAY PM - North Seymour Island - North Seymour is a small island just north of Baltra. It is home to the largest colony of frigate birds in the Galapagos. While keeping an eye out for male frigates trying to impress potential mates with an inflated red neck pouch, you may see blue-footed boobies dancing in a timeless courtship ritual. Sea lions and large land iguanas also roam about this rocky terrain. Excursion options: Walk.

DAY 4 SUNDAY AM - South Plaza, Santa Cruz Island - One of two islands off Santa Cruz, South Plaza was born of upheaval, uplifted during a geologic event. This small, but beautiful rocky island is strewn with tall prickly pear cactus and roaming land iguanas, marine iguanas, along with a colony of sea lions. Numerous seabirds nest in and soar over the cliff on the high side of the island. Excursion options: Walk.

11 night package only

DAY 1 THURSDAY - Quito Arrival - On the first day of your journey, you'll be greeted at the airport by a Celebrity Cruises® representative and transferred to the JW Marriott hotel. Enjoy free time to relax and settle in.

DAY 2 FRIDAY - Quito - Breakfast is served at the hotel. During a guided tour of the capital of Ecuador, situated at an altitude of 9,350 feet, you'll stand on the equatorial line at the Middle of the World Park and Museum, and marvel at the monastery of San Francisco and La Compañía Church. Your Tour Director will escort you throughout your Quito stay and serve as your personal concierge. Lunch with a spectacular view of the city, and enjoy a welcome dinner at a local gourmet restaurant.

DAY 3 SATURDAY AM - Quito - Flight to Baltra Island - Embarkation - After breakfast, you will transfer to the airport for your flight to Baltra, Galapagos. During World War II, Baltra served as a U.S. military base protecting the Panama Canal from enemy attack. Now the cactus-strewn landscapes of Baltra are home to the region's main airport and where you will meet the ship. From the airport, it is just a short bus and Zodiac ride to the ship for embarkation.

DAY 3 SATURDAY PM - Black Turtle Cove, Santa Cruz Island - A Zodiac ride into Black Turtle Cove, one of the most beautiful sites in the Galapagos, takes us through a complex maze of tranquil saltwater inlets surrounded by mangroves. Once inside the cove, we'll quietly explore the area looking for sea turtles, several species of rays, and sharks. It is also a nesting site for brown pelicans, egrets, and herons. Excursion options: Zodiac.

DAY 4 SUNDAY AM - Rabida Island - A small island south of Santiago, Rabida is best known for its amazingly red sand and eroded volcanic landscape. A nesting colony of pelicans makes its home here, along with sea lions, finches, mockingbirds, Galapagos Hawks, and some seabirds. With good conditions, the snorkeling can be excellent. Excursion options: Zodiac, walk, swim, kayak and snorkel.

DAY 4 SUNDAY PM - Egas Port, Santiago Island - With its black sand beach, coastal tide pools, and blue-water grottos, this stop offers a wonderful taste of the Galapagos and the opportunity to see shore birds, Galapagos Hawks, sea lions, marine iguanas, and Galapagos fur seals. Sea lions, colorful tropical fish, and sea turtles are often seen while snorkeling here (conditions permitting). Excursion options: Walk, swimming, snorkel.

2015 Best Premium Cruise Line
Travel Weekly's 13th Annual Readers' Choice Awards

2017/2018 CELEBRITY XPERIENCE 10 & 11* -NIGHT NORTHERN LOOP ITINERARY

DAY 5 MONDAY AM - Tagus Cove, Isabela Island - Historically an anchorage for pirates and whalers, this site offers a breathtaking view of Isabela, its volcanoes, and spectacular Darwin Lake. Along the shore, seabirds, penguins, sea lions, sea turtles, and nesting flightless cormorants can often be found. Excursion options: Zodiac, walk, snorkeling and kayak.

DAY 5 MONDAY PM - Espinoza Point, Fernandina Island - Fernandina is the youngest island in the Galapagos and, as Darwin wrote, it is "covered with immense deluges of black naked lava." Along with its extraordinary black lava rocks, this point of land hosts the largest colony of marine iguanas in the Archipelago, along with sea lions and a nesting site for flightless cormorants. Excursion options: Walk, snorkel, hike.

DAY 6 TUESDAY AM - Urvina Bay, Isabela Island - Composed of five coalesced volcanoes, Isabela is the largest island in the Galapagos and the most recently active, the latest eruption having occurred in 2015. Here we will see large land iguanas, finches, and if lucky, a giant tortoise or two. In 1954, the intrusion of magma below one of the island's volcanoes caused part of the bay to be uplifted some 6 meters, and today we can walk through the remains of what was once a thriving underwater reef. Excursion options: Walk, hike, snorkel, swim.

DAY 6 TUESDAY PM - Vicente Roca Point, Isabela Island - The half-collapsed remains of an ancient volcano make for a spectacular setting at this site. Awe-inspiring cliffs, blue waters, and wildlife create a Zodiac ride to remember as we search for sea turtles, penguins, fur seals, the flightless cormorant, marine iguanas, marine mammals, and the oddly shaped form of the elusive sunfish. Excursion options: Zodiac, deep water snorkel.

DAY 7 WEDNESDAY AM / PM - Puerto Ayora, Santa Cruz Island - This is the main population center of the islands, and home to the National Park Service tortoise-breeding center and the Charles Darwin Research Station. Here you will have the opportunity to visit the tortoise-breeding center and walk through the Charles Darwin Research Station. In addition, you can also take a bus ride to the highlands to observe giant tortoises in the wild and walk through a lava tunnel. Optional time for shopping will be available. Excursion options: Tortoise-breeding Center/Charles Darwin Center, Highlands.

DAY 8 THURSDAY AM - El Barranco, Genovesa Island - El Barranco, also known as Prince Phillip's Steps, named for Prince Philip who visited Galapagos in 1965 and again in 1981, is a steep stairway that leads up through a seabird colony full of Nazca and Red-footed Boobies. Once visitors reach the plateau, the trail continues inland and passes more nesting booby colonies in the thin Palo Santo forest. You will see Nazca boobies, Galapagos doves, mockingbirds and storm petrels. Lucky visitors with keen eyes may catch a glimpse of a Short-eared lava owl stalking petrel along the island's eastern cliffs. Excursion options: Hike, zodiac, deep water snorkel.

DAY 8 THURSDAY PM - Darwin Bay, Genovesa Island - Darwin Bay's soft white sand is only the beginning of a spectacular excursion. A trail from the beach takes you into lush mangroves where red-footed boobies nest. Other local wildlife includes sea lions, swallow-tailed gulls, frigate birds, and more. Snorkeling is a must here, as the nutrient-rich water attracts all types of marine life, including sharks, sea lions, sea turtles, and the occasional manta ray. Excursion options: Walk, swim, snorkel and kayak.

DAY 9 FRIDAY AM - Bartolomé Island - Bartolomé Island hosts one of the region's most often photographed views, and a spectacular geologic setting. Its barren moon-like volcanic landscapes, spatter cones, and pinnacle rock make for a unique stop. It is also home to the endemic Galapagos penguin and provides an excellent opportunity for snorkeling. Excursion options include a hike up some 368 stairs "To the Top" of the volcano, a Zodiac ride, and an optional beach swim or snorkel. Excursion options: Hike, swim, beach and snorkel.

DAY 9 FRIDAY PM - Dragon Hill, Santa Cruz Island - Dragon Hill, or "Cerro Dragon," is named after its population of land iguanas. The site offers a beautiful view of the landscape and two small brackish lagoons where flamingos and other shore birds occasionally feed. Along the trail, we'll cross a beautiful "white forest" of Palo Santo (incense) trees and Galapagos cotton plants. Excursion options: Walk and swim.

DAY 10 SATURDAY AM - Las Bachas, Santa Cruz Island - Las Bachas Beach is located in the north of Santa Cruz Island. Its soft, white sand is derived from decomposed coral, making it a favorite nesting site for sea turtles. Behind the beach there is a small brackish lagoon, where it is possible to observe flamingos and other coastal birds, such as black-necked stilts and whimbrels. Excursion Options: Walk and swim.

DAY 10 SATURDAY PM - Baltra disembarkation / flight to Quito - Baltra is the home to the region's main airport and where you will fly out. You will have a zodiac and bus ride to the airport.

2017/2018 CELEBRITY XPERIENCE 10 & 11* -NIGHT NORTHERN LOOP ITINERARY

DAY 10 SATURDAY PM - Quito - Upon your arrival in Quito, a Celebrity Cruises® representative will escort you to the JW Marriott hotel. Dinner is served at the hotel.

DAY 11 SUNDAY AM - Departure - On Sunday after breakfast, your Celebrity Cruises® representative will once again escort you to the airport for your return flight home.

***For 11-Night package:**

DAY 11 SUNDAY - Quito - Day at your leisure. Breakfast is included.

DAY 12 MONDAY - Quito departure - Your Celebrity Cruises® representative will once again escort you to the airport for your return. Breakfast is included.

Wednesday	Quito (post cruise tour)		

DAY 1 THURSDAY - Quito Arrival - On the first day of your journey, you'll be greeted at the airport by a Celebrity Cruises® representative and transferred to the JW Marriott hotel. Enjoy free time to relax and settle in.

DAY 2 FRIDAY - Quito - Breakfast is served at the hotel. During a guided tour of the capital of Ecuador, situated at an altitude of 9,350 feet, you'll stand on the equatorial line at the Middle of the World Park and Museum, and marvel at the monastery of San Francisco and La Compañía Church. Your Tour Director will escort you throughout your Quito stay and serve as your personal concierge. Lunch with a spectacular view of the city, and enjoy a welcome dinner at a local gourmet restaurant.

DAY 3 SATURDAY AM - Quito - Flight to Baltra Island - Embarkation - After breakfast, you will transfer to the airport for your flight to Baltra, Galapagos. During World War II, Baltra served as a U.S. military base protecting the Panama Canal from enemy attack. Now the cactus-strewn landscapes of Baltra are home to the region's main airport and where you will meet the ship. From the airport, it is just a short bus and Zodiac ride to the ship for embarkation.

DAY 3 SATURDAY PM - North Seymour Island - North Seymour is a small island just north of Baltra. It is home to the largest colony of frigate birds in the Galapagos. While keeping an eye out for male frigates trying to impress potential mates with an inflated red neck pouch, you may see blue-footed boobies dancing in a timeless courtship ritual. Sea lions and large land iguanas also roam about this rocky terrain. Excursion options: Walk.

2017/2018 CELEBRITY XPERIENCE 13-NIGHT SOUTHERN LOOP ITINERARY POST GALAPAGOS EXPERIENCE

DAY 4 SUNDAY AM - South Plaza, Santa Cruz Island - One of two islands off Santa Cruz, South Plaza was born of upheaval, uplifted during a geologic event. This small, but beautiful rocky island is strewn with tall prickly pear cactus and roaming land iguanas, marine iguanas, along with a colony of sea lions. Numerous seabirds nest in and soar over the cliff on the high side of the island. Excursion options: Walk.

DAY 4 SUNDAY PM - Santa Fe Island - The visit at Santa Fe begins with a wet landing on the small beach in Barrington Bay on the northeast side of the island. Large numbers of sea lions are found on the beaches and can often be seen surfing in the waves. Some of the island's endemic species include massive Santa Fe Opuntia cactus, the Galapagos Hawk, Galapagos Snake, rice rats, different types of finches, and the Galapagos Mockingbird. The visit includes a hike past saltbush where Galapagos hawks as well as the Santa Fe land iguanas tend to roam. While snorkeling, sea lions are the main attraction. Fish densities are fairly low, but there are occasional sightings of sea turtles and various rays. Excursion options: Walk, swim, kayak, snorkel, zodiac.

DAY 5 MONDAY AM - Punta Pitt, San Cristobal Island - Pitt Point is located on the northeastern tip of San Cristobal Island. After disembarking onto the small green sand beach, you will hike up to a plateau, where the view and landscape are so spectacular it is well worth the effort. A steep gully leads up the cliff to a breeding ground for all three varieties of boobies: Red-footed, Blue-footed and Nazca. It's the only place in the Galapagos where you can see all three species nesting together. Excursions options: Hike, kayak, snorkel, zodiac.

DAY 5 MONDAY PM - Warlock Hill (Cerro Brujo), San Cristobal Island - Located on the north coast of San Cristobal Island, Cerro Brujo is the eroded remains of a volcanic tuff cone. It is one of the first sites visited by Charles Darwin. Captain Fitzroy climbed to the top of the hill to scout out reefs. The favorite attraction here is the gorgeous white sand beach; a wonderful place to swim, snorkel or take a walk along the shoreline. Excursion options: Walk, swim, snorkel.

DAY 6 TUESDAY AM - Post Office Bay, Floreana Island - Rich in history, this site is home to the post office barrel established in about 1793, where pirates, buccaneers, whalers, and others could leave their mail to be picked up by outbound ships. The tradition continues today, as visitors leave addressed postcards in the barrel and sort through mail left behind to deliver at home.

Baroness Outlook, Floreana Island - The Baroness' Viewing Point is the ideal place to take in the unique scenery that defines Floreana, and to learn about the history of the island's early settlers. Once inhabited by an indulgent baroness and her three lovers, the history of this island is intriguing. During the Zodiac ride around "La Loberia," you can observe several marine species such as golden eagle rays, sea turtles, sea lions, mullets and occasionally Galapagos penguins. Excursion options: Zodiac, walk.

DAY 6 TUESDAY PM - Cormorant Point, Floreana Island - Floreana was the first capital of the Galapagos, and where Charles Darwin met the islands' Governor. Its small brackish lagoon is often home to flamingos, stilts, and white-cheeked pintail ducks, and one of its beaches is a popular nesting site for sea turtles. Check out the green-hued sand where you land! Excursion options: Walk and swim.

Champion Bay, Floreana Island - Champion lies east of Floreana and provides a wonderful opportunity for snorkeling and a zodiac ride. When snorkeling, tropical fish abound with frequent sightings of sea turtles, rays, sharks, sea stars, and more. If we're lucky, the sea lions will be in a playful mood. During a zodiac ride along the rocky shoreline keep an eye out for seabirds such as boobies, pelicans, and frigate birds. Red-billed Tropicbirds nest in the crevices below the large prickly pear cacti and you may spy the very rare Charles Mockingbird. Excursion options: Snorkel, zodiac.

DAY 7 WEDNESDAY AM - Elizabeth Bay, Isabela Island - Elizabeth Bay is one of the furthest points in the Galapagos visited on our cruise. We will enter a sheltered cove accessible only by zodiac. It is a wonderful and secluded mangrove ecosystem that is a refuge, resting, and feeding site for sea turtles, rays, blue-footed boobies, flightless cormorants, penguins, pelicans, lava herons, and more. Excursion options: Zodiac.

DAY 7 WEDNESDAY PM - Moreno Point, Isabela Island - Moreno Point, at the base of Cerro Azul Volcano, is dotted with lagoons that host a wide variety of wildlife. At first glance, Moreno Point appears to be covered by a flat featureless lava flow and devoid of life. Upon closer inspection and a short walk, much more is discovered within its oasis-like ponds that often host flamingos, paint-billed crakes, white-cheeked pintails, and common gallinules. On the Zodiac ride keep your eyes out for Galapagos penguins, flightless cormorants, brown pelicans and blue-footed boobies. There may also be an opportunity to snorkel. Excursion options: Walk, zodiac, deep water snorkel.

DAY 8 THURSDAY AM / PM - Puerto Ayora, Santa Cruz Island - This is the main population center of the islands, and home to the National Park Service tortoise-breeding center and the Charles Darwin Research Station. Here you will have the opportunity to visit the tortoise-breeding center and walk through the Charles Darwin Research Station. In addition, you can also take a bus ride to the highlands to observe giant tortoises in the wild and walk through a lava tunnel. Optional time for shopping will be available. Excursion options: Tortoise-breeding Center/Charles Darwin Center, Highlands.

2017/2018 CELEBRITY XPERIENCE 13-NIGHT SOUTHERN LOOP ITINERARY POST GALAPAGOS EXPERIENCE

DAY 9 FRIDAY AM - Gardner Bay, Española Island - The beach at Gardner Bay, with its sparkling white sand, offers one of the best places to relax and swim in the Galapagos. It is home to one of the most important colonies of sea lions in the archipelago, and is also a nesting site for sea turtles. Three species of Darwin's finches and Española Mockingbirds may also be seen here. Excursion options: Swim, snorkel, and kayak.

DAY 9 FRIDAY PM - Suarez Point, Española Island - Española is the oldest island in the Galapagos and home to an amazing variety and abundance of wildlife. Lazy sea lions often greet visitors at the rocky landing where bright red and green marine iguanas rest atop the sand and rocks. They are the only marine iguanas that remain brightly colored throughout the year. Suarez Point is also home to large populations of Nazca and blue-footed boobies, colorful Española Lava Lizards, Galapagos Hawks, Española Mockingbirds, three species of Darwin's finches, Galapagos Doves, Swallow-tailed Gulls and Red-billed Tropicbirds, which dash in and out of the cracks in the cliffs as well as the astounding waved albatross (between April and December). The 10,000 to 12,000 pairs of waved albatross on Espanola represent the vast majority of this species on the planet. They perform one of the most spectacular courtship rituals in the animal world. Excursion options: Hike.

DAY 10 SATURDAY AM - Mosquera Islet - This small, flat, sandy islet sits in the channel between Baltra and North Seymour. It is almost devoid of vegetation, but has one of the largest populations of sea lions in the islands. Its sandy expanse offers visitors the perfect opportunity to observe sea lion behavior. It is also a beautiful site to observe lava gulls, coastal birds, and Sally lightfoot crabs. Keep your eyes peeled for occasional sightings of dolphins and orcas. Excursion options: Walk.

DAY 10 SATURDAY PM - Baltra disembarkation / Transfer to Puerto Ayora - Your short zodiac ride brings you to the Itabaca canal, where you will be greeted by your Celebrity Cruises® representative and transferred to Puerto Ayora. On your way, you will visit the Manzanillo Ranch for a private tour to look for wild Giant Tortoises. Lunch will be served at the Ranch. After check in at the Angermeyer Hotel, you will have time to settle in and relax before dinner at a local restaurant.

DAY 11 SUNDAY AM / PM - Puerto Ayora Farming - This morning, after breakfast, you will have an up close and personal encounter with the local agriculture. During your visit to the local farm or green house in the highlands, you will learn about historic and current agricultural challenges in the Galapagos due to restrictions for sustainability on the islands. The tour includes an opportunity for you to take part in the production process, gathering provisions that will later be used to prepare your exclusive dining experience with your professional chef. Lunch will be served on route.

After the farming experience, you will visit an old sugar estate called "El Trapiche," Spanish for sugar mill. A local family (natives of the islands), will introduce and walk you through the process of sugar cane production as it was when it was brought from the highlands of Ecuador in the 60's. After indulging in the island's premium fresh sugar cane products, you will head back to the hotel and meet with the chef to turn in the provisions and discuss your meal plan (pending fresh catch!). Dinner will be served at a local restaurant.

DAY 12 MONDAY AM / PM - Puerto Ayora Fishing & Local Activities with Fisherman - Today, after breakfast, we will explore the fantastic fishing opportunities in the Galapagos, where you will spend time with a savvy local fisherman in search of your special catch of the day to be brought back as part of the provisions for your dining experience with a chef later this evening. Throughout your fishing trip, learn about responsible tourism activities that fuel and help preserve the islands all while encountering wild species of fish.

After fishing, you will visit a private beach where you can swim, snorkel, and enjoy a boxed lunch. After the beach experience, you will go back to your hotel to turn in your Catch of the Day and finalize your dinner plans with the chef for tonight's special dinner.

DAY 13 TUESDAY AM - Puerto Ayora Hike / Swim - After breakfast, your naturalist will meet you and lead you through a short morning hike. There will also be time for a beach swim before hiking back to the hotel for checkout and transfer to the airport. Lunch will be served in Puerto Ayora.

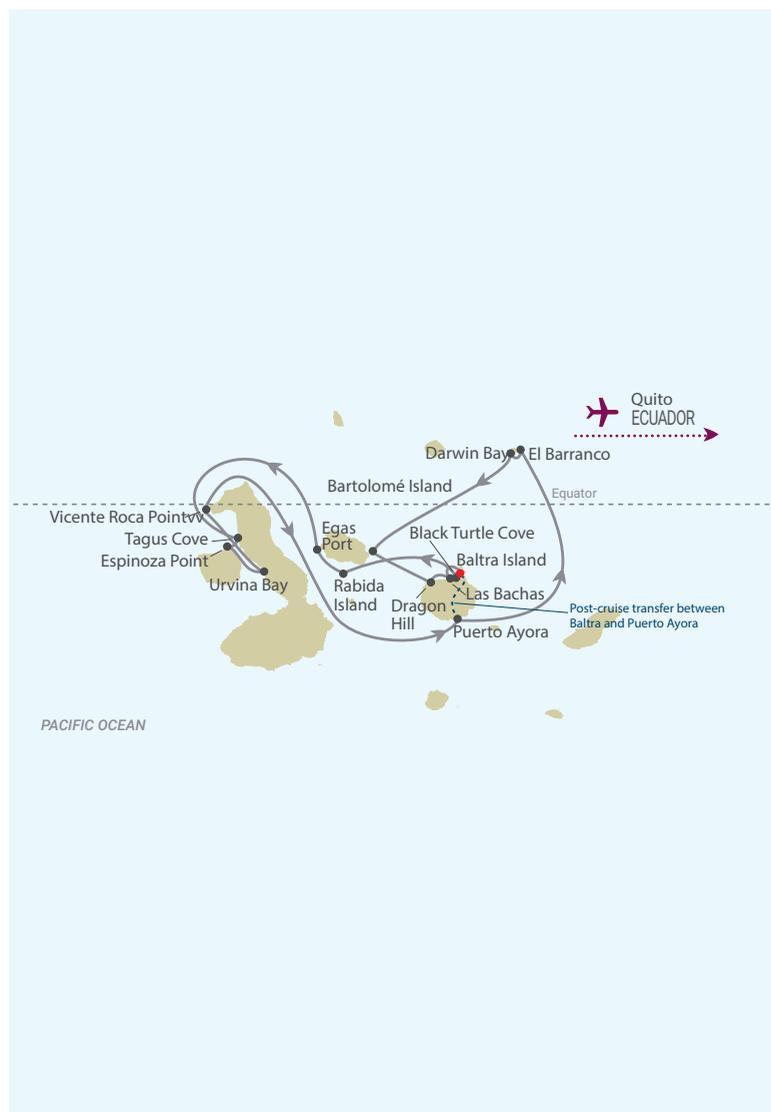

DAY 13 TUESDAY PM - Puerto Ayora departure / Quito arrival - Transfer to the airport for flight back to Quito. Upon your arrival in Quito, a Celebrity Cruises® representative will escort you to the Wyndham hotel. Dinner will be served at the hotel.

DAY 14 WEDNESDAY AM - Quito Departure - After breakfast, based on flight time departure, you will be transferred to the airport for your flight.
